

Wastewater Treatment Plants

Lee's Precast Residential Treatment Systems, powered by Cajun Aire, will process your household sewage into a clear odorless liquid within a 24-hour time frame. Lee's Precast Residential Wastewater Treatment System was tested against the NSF Standard No. 40 and approved by the National Sanitation Foundation (NSF International).

- Available for residential, industry, and commercial
- Available in 500 GPD capacity and larger
- Easy for inspection and preventive maintenance

Lee's Precast also provides service contracts for residential, industry, and commercial.
